## Skyscrapers Win From Orientals in Slugfest

Mac's Boys Warm Up in Promising Style; Orientals Show Speed; Three Circuits and Clever Base Running Features; Score 13 to 6.

McCloskey's stalwart Skyscrapers hung a decisive victory on Lee Hop's All-Chinese aggregation from Honolulu yesterday at Lucas field to the tune of 13 to 6. Several hundred fans, eager to see the season's first local game, watched the local boys warm up and put the visitors away in a merry slugfest. The orientals had been used to getting the long end of the score in their games on the coast. They seemed confident of victory yesterday, but "Mac's" sluggers came back at them a bit too strong. The Skyscrapers put up good ball, and so did the visitors. McCloskey's men will undoubtedly prove a hard problem for the other teams of the Union league, especially when they thoroughly loosen up their bats and get "home" in the game. While the orientals must be jotted down with seven errors for the game, they worked cleverly, and showed big league speed in base running. A swarthy youngster by the name of Ensue was a marvel at stealing bases. At the close of the game he was credited with four such feats. One of these was from third base to the home plate, under the very noses of Pitcher Jensen and Catcher Gibson, who were not quite quick enough to catch the rapid little center fielder of the visitors.

In the first inning, Akana, left fielder for the Chinese team, banged a hard one over right field fence for a complete circuit, scoring two runs. In the second inning, a single by Ahong, a two-base hit by Ensue and a single by Eltin, with bases full, brought in three more runs for the visitors. Another run was scored in the sixth, when Ensue, after stealing second and third, sneaked home while all the players and all the fans were watching him closely. It was a pretty start.

The Skyscrapers scored four runs in the first. A two-base hit by Davis scored Huelman and Dreesen, Spencer's left field drive brought in Murphy and a pretty two-base hit by Pendleton to left field scored Davis. In the second Huelman gave the sphere a grand wallop over the house tops beyond left field, scoring

Spencer and making the circuit in great shape.

A two-base hit by Jensen in the third scored Kafer, but there was nothing more doing in this inning. In the fourth, Murphy swatted out a two-bagger, Huelman walked and Dreesen singled, filling the bases. A drive by Davis to center field brought in Murphy and Huelman, Dreesen being touched out at third.

Kafer singled to left field in the fifth, and got to second on a pitcher's error. A moment later Kafer sped across the plate on a second wild throw by the Chinese twirler, Mark, who had replaced Ahong. Huelman and Dreesen both singled in the sixth, and Huelman scored on a two-bagger by Pendleton. The local squad drew a blank in the seventh, but in the eighth scored two more. Huelman walked, but was caught at second. Dreesen singled to right field, and then Davis banged out a pretty one over the house tops in left field for a circuit, also scoring Dreesen.

This ended the play, as the orientals donned their coats and took their medicine. No doubt "Mac's" boys will awaken today with some sore joints and muscles, but if they show the same form in today's game as they evidenced yesterday, the orientals will have to go some. Today's game will be started promptly at 2:30, as the visitors leave on a 5:05 eastbound train. Complete score:

## HIGHLANDERS LOSE FIRST GAME TO BROOKLYN NINE

Ebbett's Field Dedicated Before Immense Throng; Chance Central Figure; Phillies and Athletics Battle 18 Innings to Draw; Other Scores.

BROOKLYN, N. Y., April 5.—Before one of the greatest crowds in the baseball history of Brooklyn, Ebbett's field was dedicated today and Frank Chance made his debut as a manager in the American league. Brooklyn and Manhattan fans felt that they received their money's worth with trimmings. The game started off with a bang and not a dull moment intervened until the contest finally closed with a garrison finish in the ninth, Brooklyn taking the honors 3 to 2.

From beginning to end Chance was the day's central figure, easily outshining any of his men. Two Brooklyn men bobbed into fame. Stengel and Daubert earned shoes and other trinkets which Mr. Ebbett's will present them for donating home runs.

Chance demonstrated that he has a game bunch, for they came from behind and put over the blue chips in the ninth inning, tying the score, while Bill Dahlen showed that he has the fastest club that has represented the City of Churches in many years. There is no doubt that Frank Chance has come back as a player. He handled difficult throws in easy style, slammed the ball hard and convincingly, and although nailed along second, he is fast enough to hold his own.

Rucker pitched for Brooklyn and Caldwell and R. Fisher twirled for Chance's team. The hits were evenly divided, both sides getting eight safe blows.

PHILADELPHIA, April 5.—The Phillies and Athletics battled for eighteen innings to a draw here today, the count standing 2 to 2 when descending night flared hostilities. It was the first game the Mack men have failed to win this year. Carroll Brown went the entire distance for the Mack men and would have won in nine innings but for a bad throw by Baker. He walked only two men, Alexander, Chalmers and Brennan pitched for the Phillies in shutout form, except for the first inning. Brennan was in particularly good form and the American leaguers never had a chance after he clambered to the hill. Alexander was reached for three hits in the five innings he worked, but two of them were bunched in the first inning. The Athletics were ahead for eight innings, but a ninth-inning snarl of the Phillies tied the score.

Red Sox Defeat College.

CHAMPAIGN, Ill., April 5.—The Boston Americans finished their training season today when they defeated the University of Illinois team, 11 to 2. After the college ineligible team had failed to stop Stahl's men, the varsity was introduced in the lineup, and Wood, who was loaned for the occasion, Wood was a puzzle to most of his team mates, but

## Remarkable Catarrh Cure

Gets Right into the Affected Parts and Stops Gathering in Eyes, Nose, Throat and Lungs.

"Nine-tenths of humanity suffer with catarrh but do not know what catarrh is," said an expert doctor, a specialist in blood analysis. It is treated locally because nature tries to drive it out of the system. But nature must have help. Nasal catarrh is merely an outlet, and it is folly to expect a cure by inhalants or local applications. If a stream is polluted at its source it is ridiculous to waste time in purification at its mouth.

By a long series of elaborate experiments at the Swift Laboratory it is definitely known that catarrh can be cured by the simple process of inoculating the blood with antiseptic remedies that stop inflammatory conditions throughout the mucous linings of all the organs of the body. This is done with the famous Swift's Sure Specific, or as it is widely known, S. S. S. It is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, comes through all the veins and arteries, enables all mucous surfaces to exchange inflammatory acids and other irritating substances for arterial elements that effectually cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, enables only pure blood-making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in the process of purification.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system. You will find S. S. S. on sale at all drug stores at \$1.00 per bottle. It is a remarkable remedy for any and all blood affections, such as eczema, lupus, tetter, psoriasis, boils and all scrofulous conditions. For special advice on any blood disease write in confidence to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. Do not delay to get a bottle of S. S. S. at your druggist.

Mr. Clafin yesterday. "The two-speed is a feature of the Indian motorcycle which is proving popular with riders this season. It is not a novelty, but has been tried out by the Indian factory for the past year and has proved its worth in mountainous countries where there is a lot of climbing to be done. The regular twin-seven, however, the machine which made the wonderful records on the local motordrome, is still a favorite with the public and we have orders in for those which promise to keep us busy. Motorcycles are harder to get today than automobiles, because there is a bigger demand and those who delay in their orders are very liable to get left."

Lon Clafin is also showing one of his delivery motorcycles, which is being adopted all over the country by merchants as the cheapest and quickest system of quick delivery. Although the Indian has had a number of successful years in Salt Lake, Mr. Clafin says this season will see more Indians sold than ever before.
